Bison Transport Inc ("Bison Transport")

Truckload Accessorial Charges

Amended May 3, 2023

Standard Terms & Conditions: (unless otherwise specified herein)

- Bison Transport reserves the right to amend the Accessorial Charges periodically and without notice due to unforeseen circumstances or market fluctuations. Applicable rates and effective dates are posted on www.bisontransport.com
- Charges will automatically be applied
- Linehaul charges subject to Bison Transport's fuel surcharge which applies to all fuel consuming activity (including linehaul, heat/reefer surcharge, offline miles, etc), and will be based on the specific shipment's pick-up date
- Subject to carrier capacity and equipment availability
- Rates based on live load/live unload
- Rates based on Single Driver Service, unless otherwise indicated. Please reach out for expedited service options.
- Except where otherwise indicated, rates include one pick up and one delivery only, single driver service.
- Rates subject to any and all applicable taxes, surcharges, and environmental fees.
- Bison reserves the right to apply a carbon tax surcharge if the fuel surcharge program index being used in this rate agreement does not include the cost of carbon tax in the jurisdictions the freight is being moved
- Intermodal Provincial Carbon Tax is based on CP standards: <https://www.cpr.ca/en/customer-resources/pricing-and-tariffs/fuel-cost-adjustment/environmental-surcharges>
- Truckload rates on lanes in/out/through Western Canada Prairie provinces are based on the utilization of LCV (Long Combination Vehicle) efficiencies. If because of a customer's required travel duration, payload weight, stops, etc., it is not possible to employ LCVs, Bison reserves the right to evaluate for potential additional fees.
- Linehaul rates expire in 1 year following the effective date of this agreement, and will be subject to review at that time unless otherwise specified in contract. Bison Transport reserves the right to change rates at any time due to unforeseen circumstances or market fluctuations
- Rates for individual lanes are subject to review if not utilized within 30 days of date quoted
- Mileage calculations per Rand McNally - most current version (practical route)
- Receivable Terms - Net 30 days from invoice date OAC. POD's will not be provided unless specifically requested and are subject to a charge

The following will be subject to Additional Accessorial Charges:

*further descriptions below

Accessorial Description	Accessorial Charge
Additional Stop Charges (initial pick up and delivery included in freight rate)	1st - \$90, 2nd - \$115, 3rd - \$150. (all additional at \$180/stop)
Off route miles: (based on Rand McNally Practical Miles)	\$2.45/mile or rate per mile of original lane (whichever is greater) plus fuel surcharge
Tractor/Driver Detention after 2 hours	\$90/hr - max \$450 per 12 hr. period
Demurrage - Dry: 1 free day loading and unloading	Charge thereafter \$125/day
Demurrage - Heater: 1 free day loading and unloading	Charge thereafter \$250/day
Demurrage - Reefer: 1 free day loading and unloading	Charge thereafter \$250/day
Bonded Warehouse	\$595 initial bond fee for first 24 hours at bond shed. (Includes stop charges & Admin costs.) \$190 for each additional day shipment is at the bond shed. Plus any driver detention, and/or trailer demurrage charges if applicable.
Bond	\$150 fee
Lumpers	\$50 admin fee plus actual cost of lumper
Redelivery Charges	\$250 (additional charges may apply if outside standard redelivery condition)
Truck Ordered Not Used	\$450 fee plus mileage incurred on any shipment cancelled with less than 4 hours notice for pickups in Bison Terminal cities, or less than 12 hours notice outside of Bison Terminal cities
Layover	\$450 fee
Heated Service (both over-the-road and Intermodal) (Protect from freeze)	20% of linehaul rate - min charge \$100
HazMat	10% of linehaul rate - min charge \$225

- Accessorials are chargeable in the same currency as the linehaul rates quoted
- Intermodal accessorials are based on CP Website: <https://www.cpr.ca/en/customer-resources/pricing-and-tariffs>. Customers paying in US funds will pay the same rate /day
- Rates based on practical routing from origin to destination. Events beyond Bison's control (spring weight restrictions/flooding/snow slides/construction) requiring alternate routing, will result in potential additional off route miles charges.
- Costs incurred due to customs inspection of freight and related downtime of driver will be the responsibility of the customer
- Fuel surcharges shall be charged at rates set forth on www.bisontransport.com
- Customer agrees to pay any penalties (AMPS or otherwise), assessed against Bison Transport for customs contraventions made by or on behalf of customer
- This agreement shall supersede the shippers bill of lading in the event of discrepancy
- LOADING/UNLOADING - 2 hours "free time" allowed on first pick up and delivery, 1 hour free for each subsequent stop
- BONDED WAREHOUSE - shipments failing to clear at first point of entry and requiring placement in a bonded warehouse
- BOND - Shipments required to travel on Bison's US or Canadian bond

Insurance & Liability:

- All shipments governed by this agreement shall be subject to a release value of \$2 CAD per pound, with a maximum value of \$90,000 CDN per trailer and/or container used. If the value of any shipment tendered to Bison Transport is to exceed \$90,000 CDN; shipper must notify Bison Transport separately from the bill of lading and prior to shipment release. Failure by the shipper to meet these requirements shall limit Bison Transport's liability or any single shipment to \$2.00 CAD per pound with maximum liability of \$90,000 CDN
- All cargo hauled or carried by Bison Transport in Mexico is at customer's risk of damage, loss, and delay. Customer acknowledges that Bison Transport does not maintain insurance coverage for cargo while in Mexico. By accepting the terms of this Agreement, customer acknowledges it has accepted the risk of cargo loss or damage and that Bison Transport has no liability for loss or damage sustained to cargo while in Mexico
